1. The abstract of the disclosure is objected to because the abstract should disclose the structure of the device instead of the method to make the device. Correction is required.
2. Claims 18-27 are objected to because of the following informalities: Claim 18, line 12, the phrase "said second conductivity" is unclear whether it is being referred to "said second conductivity type". Claim 19, line 4, the phrase "a second conductivity type" is unclear whether it is being referred to the second conductivity type of claim 18. Claim 27, line 2, the words "rectangle" and "octagon" should rewrite as "a rectangle" and "an octagon", respectively. Appropriate correction is required.
3. Claims 15-17 are allowed.
4. Claim 18 would be allowable if rewritten or amended to overcome the objection set forth in this Office action.
5. The following is a statement of reasons for the indication of allowable subject matter: The first major difference in the claims not found in the prior art of record is a power semiconductor device made in accordance with a method comprising the steps of: depositing a filler material in said trench to substantially fill said trench; and diffusing said dopant in the first and second doped layers to cause the first and second doped layers to overlap one another. The second major difference in the claims not found in the prior art of record is a power semiconductor device comprising: at least one doped column having a dopant of a second conductivity type, said column being formed from a plurality of doped layers diffused into one another, said doped layers being located in

said epitaxial layer adjacent a sidewall of said trench and arranged vertically one over the other; and a filler material substantially filling said trench.

6. This application is in condition for allowance except for the following formal matters in paragraphs (1) and (2) of this Office Action.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
